Office Memorandum • UNITED STATES GOVERNMENTTO : Administrative Assistant,
Management Staff

DATE: 10 September 1957

FROM : Suggestion Awards Staff

STATINTL

SUBJECT: Memorandum dated 6 September 1957 on Killian Committee
Aid

This Staff has long advocated a proposal that the Civil Service Commission, as administrators of the Federal Suggestion Awards Program, arrange for more frequent meetings of Incentive Awards Officers of the various Government Agencies and Departments to exchange ideas and experiences which would be mutually beneficial. We think the current exchange of literature on the program should supplement these meetings rather than substitute for them.
